TITLE I/LAP DIRECTORS WORKSHOP – SUMMARY

September 25, 2017

Odds & Ends:

Video: Overcoming Obstacles - Steven Claunch

NEW! 2017-18 CPR CHECKLISTS

NCESD Teaching & Learning Staff: NCESD Asst. Supt. of Teaching & Learning, Linda McKay, shared information regarding training and support available from the Teaching and Learning Team. Migrant/Bil. Specialist, Nadya Bush and Reg. Math Coordinator, Patty Iniguez also shared information regarding professional development.

Let’s ZOOM! NCESD Executive Director of Technology, Pete Phillips, provided a Zoom (similar to Go to Meeting) refresher. This is free to all districts in WA State and you can contact your district technology support person for more information. NCESD uses Zoom often as a way to provide technical support, as well as virtual meetings and trainings. OSPI has also begun using Zoom. On Zoom’s website, there are short tutorial videos. You can even practice with colleagues in your district. The also have free Zoom webinars. I attended “Six Keys to Innovative Thinking” that included excellent information. Try it out—you will like it! 😊 Bulletin 010-17 https://zoom.us/

ESSA Refresher

- Federal Programs Must Address:
  - Well Rounded Education • Student Discipline • Transitioning Middle School Students to High School
  - Transitioning High School Students to Postsecondary and Career
- WA State Consolidated Plan Submitted to Dept. of Ed. – MORE TO COME!
- ESSA Information and Resources: http://www.k12.wa.us/esea/essa/default.aspx
- COMING SOON! OSPI Supplement v. Supplant guidance

Title I, Part A

Title I, Part A Year-At-A-Glance

This document lists the tasks and due dates for both Title IA and LAP programs during 2017-18. Archived Workshops & Webinars: http://www.k12.wa.us/TitleI/workshops/default.aspx

iGrants: Title I A - What is due and when?

FP 201 Title IA SY2017-18 application in iGrants: Due date was Sept. 15th. Due to the late changes in LAP funding, OSPI is being understanding if you have not been able to submit this application yet, especially if you have submitted it for SAS (Substantially Approval Status). However, you will want to submit it as soon as possible. Remember, you can go in and do a “Change Request” on the applicable page(s) if you decide later to change the way you use the funding. If it impacts your budget, you can do a Budget Revision as well.

FP 361 Title IA Comparability Report: Due date: Oct. 31st (This has not launched in iGrants yet...) When it does, I will let you know. Comparability of Services. Districts must make sure that the services students and families receive in schools that receive Title I, Part A funds are comparable to those services available in schools that do not receive funding from Title I, Part A. For small districts with one building per grade span, this very easy!

Report for Title I, Part A Bulletin 053-12 | Guidelines

Distinguished Schools & Academic Achievement Awards [Applicatins/Review/Selection]: Due date: November (Districts must apply for these awards. For information: http://www.k12.wa.us/EducationAwards/TitleIAwards.aspx NOTE: Applications are not yet available)
NEW LOOK! OSPI Title IA Website: [http://www.k12.wa.us/TitleI/default.aspx](http://www.k12.wa.us/TitleI/default.aspx) Check out the resources!

If you would like to receive Title I, Part A Updates: [CLICK HERE](http://www.k12.wa.us/TitleI/default.aspx)

NEW! for 2017-18: Larry Fazzari explained the new ESSA requirements for Title I A Targeted Assistance and School Wide plans. He would like buildings to use these in 2017-18 (they will be required in 2018-19)

Changes:

- **Title I Targeted Assistance Program Model**: Six required components instead of eight. [NEW TI TA Plan Components, Template and Other Resources](http://www.k12.wa.us/TitleI/default.aspx)
- **Title I Schoolwide Program Model**: Four required components instead of ten. [NEW TI SW Plan Components, Template and Other Resources](http://www.k12.wa.us/TitleI/default.aspx)
- OSPI has designed new templates for these plans and recommend the “Plan–Do–Study–Act” process from Implementation Science Research. The resources on the webpage links (above) walk teams through the process. These templates are not required, but encouraged. Fortunately, 2017-18 is a “practice year”, so we can try them on for size and either ease into them or jump right in. Moving to the new template can be part of your building’s annual plan evaluation (required).

### Training Opportunity

**Title I/LAP Co-Op: Oct. 30th and 31st: Title I, Part A Schoolwide/Targeted Assistance Template Workshop with Larry Fazzari** [Register Oct. 30th](http://www.k12.wa.us/TitleI/default.aspx) and/or [Register Oct. 31st](http://www.k12.wa.us/TitleI/default.aspx)

NEW! for 2017-18 – INDISTAR: What if you have a Title I building that is required to use Indistar? You need to make sure the required components (the new ones) are addressed—for instance in the SMART goals and/or tasks. OSSI has developed an optional “crosswalk” document Title I schools can use to connect their Indistar plan with the required SW or TA components. **Click on embedded Word versions** (or go to “Complete Forms” on the Indistar dashboard)...If using this option, the template must be submitted with the Oct. 30th Indistar Action Plan submission.

### NEW! Great resources for 2017-18:

- **Title I, Part A & LAP Program Guide 2017-18**
- **Title I McKinney-Vento Homeless Set Aside** [http://www.k12.wa.us/HomelessEd/Resources.aspx](http://www.k12.wa.us/HomelessEd/Resources.aspx)
- **Foster Care** [http://www.k12.wa.us/FosterCare/](http://www.k12.wa.us/FosterCare/)

NEW! Districts with Priority & Focus Schools:

- OSSS (Office of Student & School Success) has made some changes:
  - NAME: OSSS (Office of System and School Improvement)
  - CONTACTS
  - INDISTAR Platform 3.0 for Indistar plans

### Training Opportunity

**Title I/LAP Co-Op: Oct. 11th Indistar for Central Office & Title I Directors Zoom! With Doug DeMint/OSSI 10:00-11:00**

JOIN US! We have reserved a room at the ESD for anyone who would like to view the webinar with me. We can then debrief afterward and share information and ideas. **Send Judi an email if you will attend at the ESD. Click on embedded email below with the Zoom log in link if you prefer to attend from your computer:**

Please share with others in your district who will be using Indistar! 😊
LAP (Learning Assistance Program)

LAP Year-At-A-Glance

Title I & LAP Year-At-A-Glance pdf Document lists the tasks and due dates for both Title IA and LAP programs during 2017-18.

LAP Webpage http://www.k12.wa.us/LAP/default.aspx

- LAP Data Reporting
- NOTE if using LAP for Behavior: Must only use for LAP identified students and report growth for ELA, Math or both at end of year. LAP Menus of Best Practices (ELA, Math and Behavior)
- Menus of Best Practices and Strategies:
  - ELA: ELA Menu
  - Math: Math Menu
  - Behavior: Behavior Menu If using LAP funds to provide Tier II and III behavior interventions, any student in a LAP-funded school identified as LAP eligible (not required to be LAP-served) for ELA and/or math and it is determined that behavior supports are primarily what is needed to improve their academic outcomes then those students could receive LAP behavior services without receiving LAP ELA services. LAP student growth reporting would need to be done for these students at the end of the year—you could choose ELA or math to determine whether the behavior interventions had a positive impact on their academic performance. If a district uses district LAP funds for Tier I behavior PD, or Readiness To Learn (RTL-39), students do not need to qualify for LAP or growth reported.

NOTE: These Menus are not only meant to be used as resources for LAP interventions. They can be used to identify best practices to support any at-risk student. If it is on a menu, it is more likely to be allowable for Title I or LAP.

NEW! LAP Poverty Allocations for some schools! This is a “bonus” allocation that SOME districts receive in addition to their regular LAP base allocation and it is based on poverty calculations. Your fiscal director may need to adjust the FTE and Staff Mix to more accurately reflect 2017-18, which can impact allocations. Final allocation amounts are available January or February when appropriations come in. Poverty allocations cannot take the place LAP allocated to buildings—it should be in addition to, although the base allocation does not have to stay at the same amount as it was in 2016-17. Poverty allocations MUST be spent at the building generating the allocation. A district can choose not to accept the allocation or take a portion if they prefer. Up to 10% can be carried over, but stays with the building. Districts are required to track the poverty allocation expenditures (Ex: Subcoding).

NEW! GREAT RESOURCE: UPDATED! LAP Q&A Calculator:

Districts FP 218 LAP SY2017-18 application in iGrants: Due date was Sept. 1st. As with FP 201 (Title IA), changes in LAP funding, OSPI is being understanding if you have not been able to submit this application yet; however, you will want to submit it as soon as possible. Remember, you can go in and do a “Change Request” on the applicable page(s) if you decide later to change the way you use the funding. There is no budget to complete and submit with this application.

Training Opportunity-Title I/LAP Co-Op: Oct. 16th: OSPI New Directors Zoom Webinar 1:00-3:00

JOIN US! 10:00 – 4:00 We have reserved a room at the ESD for anyone who would like to view the webinar with me. We can meet together at 10:00 to talk about “big bucket” items, tips, share information and ideas. Lunch on our own and then back to the ESD to view the webinar. This is a great networking opportunity. ☺

Send Judi an email if you will attend at the ESD.

Click here for login info if you would like to join from your computer and more information.
