**NORTH CENTRAL
EDUCATION
FOUNDATION**™

August 7, 2018

To teachers in Chelan, Douglas, Grant and Okanogan counties:

The North Central Education Foundation is gearing up for their Fall Campaign that will focus on small classroom grants for teachers in the four counties served by North Central ESD. As you well know, teachers often use funds from their own household budgets when preparing for school each fall and throughout the year. Our North Central Education Foundation Fall Campaign will help to supplement teacher classrooms by providing classroom grants (\$300) for teachers in each county served by North Central ESD. Please note that this year you may apply in six categories: Music/Arts, STEAM (science, technology, engineering, arts and math), literacy, Chelan-Douglas Land Trust Foothills, Other (College Preparation, Counseling, Health Education), **and this year two new categories—financial education, thanks to a new partnership with the Young Adult Consumer Education Trust (YACET) and National Board Certified Teacher Support.** Thanks to the Woods Family Music and Arts Fund for providing Fine Arts grants in Chelan and Douglas counties and to the Community Foundation of NCW for their support in the STEAM category.

Please fill out your application and return by **Friday, September 30, 2018**. Announcements for grant winners will be made by mid-October. If you have any questions about the grant application, please contact Eldene Wall at eldenew@ncesd.org or 509.665.2629.

The North Central Education Foundation was formed in November 2008. Its primary purpose is to support and assist the educational and training activities of the four counties (Chelan, Douglas, Grant and Okanogan) that form the North Central ESD 171 region. The Foundation is also for the purpose of fostering collaboration between school, business and government agencies, assisting other organizations for educational purposes and providing scholarships and services to schools.
