SAFETY MATTERS

THANK YOU TO Everyone WHO ENTERED OUR FALL 2019 SPECIAL DRAWING

Here are some suggestions from staff in NCW schools on how to stay safe at work this year:

- Use step ladders or stools when getting to things higher than my reach instead of using a chair.
- Make sure all tripping hazards are picked up in my room and chairs are pushed in to keep myself and students as safe as possible.
- Keep cords covered.
- Wipe up spills immediately.
- Wear the right kind of shoes for the weather/conditions...especially in the winter!
- Wear my YakTrax in snow and ice.
- Use, and teach my students to use, the handrail on the ramp, especially in wet/snowy weather.
- Discuss potential emergency situations with students and how to handle them calmly and effectively.
- Make sure the safety vest I wear as a crossing guard is highly visible and not faded.
- Make sure the safety guards are on paper cutters.
- Walk around the building to familiarize myself with all the important exits and safety features.
- Make sure all exits are clear of any objects that could interfere with safe exit.
- Be alert and aware of my surroundings.

AND... the winners of our Fall 2019 Safety Drawing are...

PATEROS SCHOOL DISTRICT
HOME OF THE PATEROS BILLYGOATS AND NANNIES

L→R: Mike Dingle & Brooke Thomsen, NCED, with Pateros School District Staff - Shane Kelly, Para/Coach; Mike Hall, Principal; and Greg Goodnight, Superintendent

LAKE CHELAN SCHOOL DISTRICT
*Lead *Serve *Inspire

L→R: Paul Harrison, NCED, with Lake Chelan School District Staff Tamar Burns, HR/Payroll; Erika Scroggie, School Nurse; and Erin Morin, Principal Morgen Owings Elementary School

Each District won a set of Cone Boss® safety warning signs.

The individual winners who each won a Luxon® 7 in 1 Emergency Car Safety Tool, are:

- Shane Kelly, Para/Coach, Pateros SD
- Erika Scroggie, School Nurse, Lake Chelan School District
- Sharon Hoffman, Teacher, Lee Elementary, Eastmont SD

The 7 in 1 emergency survival car safety tool is equipped with a window breaker, seatbelt cutter, LED Flashlight, SOS Light, USB Smart phone charger and a hand-crank charger.

Sharon Hoffman, Teacher, Eastmont SD

Be sure to stay tuned for more safety tips from your friends in Safety Services at the NCED and watch for QR codes and links to enter our special safety drawings!
