

Your Workers' Comp Team is Committed to Your Safety!

Remember to wear YAKTRAX when working outdoors on compact snow and/or ice!

Who are they recommended for?

- * Bus Drivers - Conducting pre/post-trip inspections of buses
- * Para Educators - Supervising students during recess
- * Custodial/Maintenance/Grounds - Performing snow removal, spreading de-icer, taking out trash, etc.
- * Food Service Workers - Working outside to unload product and/or transporting food items
- * Anyone else assigned to work outdoors on compact snow and/or ice

Why? Snow and Ice Traction Devices such as YAKTRAX:

- * Give you instant confidence and safety when walking in snowy or icy conditions
- * Prevent Slips and Falls
- * Are:
 - o Ultra light
 - o Spikeless
 - o Strapless
- * Can be worn over top of your regular shoes or boots
- * Take less than a minute to put on and take off

Important safety tips:

- * When possible, sit on a chair or bench to put them on or take them off
- * Hook the front of your YAKTRAX over the toe of your shoe and stretch to cover the sole
- * Walk on cleared paths
- * Avoid taking shortcuts
- * **Remember to remove your YAKTRAX BEFORE:**
 - o Driving
 - o Walking indoors on tile, linoleum, carpet, etc.
